Kup Town Calibrated Mixing Cups have long been the bench mark in the spray painting industry, with easy to use measurements you can throw out the scales and save time, money, and be confident that what you are mixing is 100% correct, resulting in what we all want, the perfect result.

Kup Town cups are made in Australia, so no quality is compromised, leading to the highest quality mixing cup on the market. Kup Town Cups are solvent resistant, so you won't walk into your paint room and find your paint has melted through the cup. The most durable cup on the market, meaning it does not crack when mixing your paint, so you can always be confident when you are using Kup Town Mixing Cups.

Kup Town Cups also come with some lids complimentary, extra lids can be purchased.

We also supply a vast range of products and equipment, so for a full product list of items please visit us at www.kuptown.com.au.
